

A Tradition of Sustainable Winegrowing

LANGETWINS
FAMILY WINERY AND VINEYARDS

2010 PINOT NOIR

A Tradition of Sustainable Winegrowing

For nearly three decades our family has proudly practiced the art of sustainable winegrowing. Unlike other farming practices, sustainable winegrowing is all encompassing in its approach. We are not only concerned with the health of the vineyard but its surrounding natural environment. In 2006 we opened a winery with our families (all nine are involved) to showcase our passion for growing sustainable winegrapes—because great wine starts in the vineyard. Our 2010 Estate Grown Pinot Noir carries on this proud tradition of sustainable winegrowing. **-Enjoy! Randall and Brad Lange (The Twins)**

Growing Season

Vintages are usually generalized as 'great' or 'challenging,' but 2010's fruit quality varied not only between appellations but between neighboring vineyards. When a clear blue sunny day was seen in the Clements region, the heart of the Lodi and Clarksburg Appellations were still under fog. This led to specific lots delivering intense flavors, whereas others were not as memorable. When this occurs, having family estate vineyards spread out between two appellations is beneficial—we have the ability to make certain the best quality winegrapes for each varietal are included in our LangeTwins wines.

Generations

By working side-by-side as a family, we are able to bring together wisdom from past generations and innovations from the present to craft the most delicious unique wines.

Winemakers Notes

Our 2010 Pinot Noir opens beautifully with notes of perfectly ripe strawberry, raspberry and light cherry aromas. As it reveals its flavors, vibrant wild berries are complemented by hints of spice coming from nine months in French Burgundy and American oak. The original strawberry note makes a return in the smooth finish leaving a lasting berry flavor.
